Hi Sally,

I am in receipt of NYSDEC's comment letter of April 20, 2005 on the Draft Supplemental RI report submitted August 2004.

After conferring with Nick Ward Willis, we have a conference call planned with our client the week of May 9, 2005. We propose a date of June 10, 2005 for submittal of our response.

We believe this is reasonable as our technical experts need time to review the original submittal and develop responses, as well as other coordination requirements.

Regards,
Mark Sielski
